COURSEWORK

UNDERGRADUATE

Data Science
Object Oriented Programming
Data Structures and Algorithms
Artificial Intelligence
Machine Learning
Database Management Systems
Operating Systems
Computer Networks
Big Data Analytics
Cloud Computing

SKILLS

PROGRAMMING

Operating system :
Windows • Ubuntu

Experienced :

C • C++ • JavaScript

Intermediate :

Java • HTML • CSS • MongoDB • React

Familiar :

Selenium • Tensorflow •

PROJECT

BOOKSKY | MAJOR PROJECT

Dec 2023 - Mar 2024

- Developed Booksky, a web application for managing and cataloging books using HTML, CSS, and JavaScript.
- Implemented functionality to add, view, and delete books, enhancing user experience with a responsive interface.
- Utilized Google Fonts to integrate custom typography, ensuring a visually appealing design.

STUDENT APPLICATION

Nov 2023 - Dec 2023

- Developed a dynamic web application using HTML, CSS, and JavaScript to capture and display student details in a structured table format.
- Implemented interactive features including form validation, data submission, and row deletion, enhancing user experience and data management.

GUESS-GAME | WEB BASED

Jan 2023

- Developed an interactive JavaScript-based guessing game application, enhancing user engagement through real-time feedback and dynamic UI updates.
- Implemented efficient random number generation and input validation to ensure a smooth and error-free user experience.

EXPERIENCE

INTERNSHALA | STUDENT PARTNER

May 2023 - Jun 2023 | Batch - 34

Helped students gain work experience by creating **awareness** about the benefits of internships available at Internshala. Participated in the contest and earned appreciation certificates and LOR.

IT EXPERT TRAINING | INTERNET OF THINGS

Feb 2023 - May 2023 | Remote

Program offered for IOT with python which was one-week internship program, where a mini-project was implemented and were trained under an expert.

CERTIFICATIONS

Oct 2022	Google Digital Garage	Digital Marketing
Nov 2022	Microsoft	Advance MsOffice Productivity Suite
Aug 2023	Walmart	Software Virtual Experience Program
Nov 2023	IBM - SkillBuild	Internet of Things
Mar 2024	GUVI	Neural Network and Deep Learning

ACHIEVEMENTS

- Participated and selected in Internal **Hackathon** conducted through Smart India Hackathon 2024.
- 4 Star in problem solving and C++ programming in **Hackerrank**.
- Attended various **events** conducted by top organization like Google, Spheron, etc.
